STONE, 1) 11) StCIAN to the Troy Lung and Hyg cinle Institut a treatize on the early Decay of American Vouth; the vice of Self-Abuse and its direful consequences; Seminal Weakness and other diseases of the Bexual Organs in The above work has received the highest commanda-

ion from everal leading papers of the Union as one of the most ab ever published on this subject of such vital I de set. It is for gratuitous distribution, and it will be by mail in a scaled envelop to any part of the coun ree of cb | ou receipt of two stamps for postage. B" Fail not to send and obtain this book. A Word of Sylomn Conscientious Advice to the who will Reflect. It is a solemn fact that t 0,000 die annually in the United states with consumption, marastrus, or premative decay. There cannot be an effect without an ade-I te and health, by marasmus or premature exhaustion cansed by sexual diseases, such as the vice of Self-Abuse male and iemale, and Sterility, and organic diseases of the kidneys, and in view of the deceptions which are practiced upon the unfortunate victions of such diseases by quacks and hase pretenders, the Directors of the Troy ing and ltygelnic Institute have instructed their attending physician to give medical advice, gratis, to all patients thus afflicied, male or female, who may apply a to a true and reliable means of cure. And the Instiextreme property and suffering, for a sum that will only compensate the cost of medicines.

In Congress the efforts of the friends of the ty of our citizens. But this subject is of suc In Congress the efforts of the friends of the l'nion have not been more successful. Various propositions for adjustment have been made, and measures without contact submitted to the Republican members for their approbation, as alternatives of a disruption of the Government. But a radical difference of principle was found to be an insurmountable obstacle to every proposed scheme. The recognition by the Government of property in slaves, its inviolability in the States, and protection in the Territories, constituted the basis of the demands of the Sach. The Republicars maintain toward this principle an unyiebting opposition. And herein lies the great impedianent to all compromise. Parties resting upon principles so directly antagonistic cannot, without material concession, unite upon any measure involving the subject of difference.

The true condition and locality of diseases, by a simple said scientific method, without asking the patient any questions. Some professe to do this, yet are carried to ask some leading questions in order to obtain a cline to the disease. We do nothing of that kind, and have invariably given satisfaction. Consoltations and examinations by given satisfaction. Consoltations and examinations and examinations are carried as the consolidation of the consolidations and examinations.
